FIRST HALF OF 2ND TERM ENDING FRIDAY 20TH FEBRUARY, 2015.**

Dear Esteemed Parent/Guardian,

INTRODUCTION:

We tender our sincere appreciation to God for seeing us through this first half of the second term and to our parents for your patronage, contribution and support both in the past and present. May God in his infinite mercy continue to bless and grant you your heart desire.

ACADEMICS ACTIVITIES:

We are delighted to inform you that our pupils in the Kindergarten and Nursery Sections are doing wonderfully well in their studies. Several measures are taken by the school to motivate and arouse pupil's interest in learning in order to achieve our desirable goals and objectives. Pupils are exposed to various extra-curricular activities to give them a "TOTAL EDUCATION" which goes beyond the four walls of the classroom. Pupils in the Nursery Section are introduced to; "Intensive Reading Culture". This is to enable them develop a more purposeful interest in reading and enhance more methods of reading acquisition.

SOCIAL ACTIVITIES/ACHIEVEMENTS:

All work and no play makes Jack a dull boy. We strongly believe in all round development of the child. This is why pupils are exposed to social activities that will develop their creative mental and social aspects of life which has to do with the three Domains in education – Cognitive, Affective and Psychomotor.

This term, the school initiated a programme tagged: "Nursery Weekend Funfair". Pupils are taken out in batches during weekends to catch fun and enjoy themselves. Pupils are so happy because education at their age has to do with play-way method of learning.

We want to implore our esteemed parents to continue to support the school as our utmost priority is to continue to give our pupils the best. The list of the third (3rd) batch is displayed on the notice board. Each pupil is expected to pay the sum of ₦2,000. The package covers: food, cake, access to four rides, ice-cream, snack, drinks and gifts.

SCHOOL FEES:

We commend the effort of our parents but they should note that all fees must be paid before resumption from the Mid-Term Break on Monday 23rd of February, 2015. We do not want to imbibe the tradition of sending innocent pupils away from class.

PUNCTUALITY AND REGULARITY:

Punctuality is well known as the soul of business. All pupils are expected to be punctual and regular in school at all times. This will enable them to properly settle down and get fully prepared for the day's work.

SECURITY:

The school had made an extension of the fence at its frontage for more security of the pupils and property. We appreciate the management.

Parents are implored to always pick their children/wards at the appropriate time after school hours. We appeal to parents in the act, to desist from picking their children late.

2015 NURSERY WEEK CELEBRATION:

The Nursery Week Celebration for 2015 is around the corner. This is an annual programme which is packed with lots of fun-filled activities that will enable our pupils in their early formative years to discover and develop their in-born talents.

The schedule of the programme and other information will be communicated to you in due course

We appreciate you for your past co-operation and we look forward to your positive responses.

P.T.A MEETING:

The school is proud of its formidable joint P.T.A/Interactive Section. The Association had a meeting on Wednesday, 18th February, 2015. We appreciate all those parents who turned up en masse for a successful deliberation on the activities and welfare of their children/wards in the school. We use this medium to encourage all our distinguished parents to always attend the P.T.A/Interactive Section.

NEW INFRASTRUCTURAL DEVELOPMENT:

During this 2nd Term, the school has completed additional hostel facilities for the male students, a multipurpose hall which will serve as dining hall, prep centre and venue for indoor games has been fully completed along with more rooms. Also the perimeter fence which fell down has been rebuilt. Our Mikano Power generator which broke down has also been repaired with improved capacity to meet our current electricity need.

FEEDBACK BOOK:

Parents are expected to always fill the column that is meant for parents so that the school would be able to give more effective attention to each child. The cooperation between home and school makes the development of a whole child.

APPRECIATION:

On behalf of the Management, Staff and pupils of this great school, I wish to express my in-depth gratitude to all our esteemed parents and all those that stood by us in this half-term. May the Most High God continue to protect and shower His blessings on you all. We wish you all a happy MID-TERM BREAK.
